Thanks for asking Anna. Residents and businesses alike are probably best served with a uniform parking requirement. We would support that beyond the limits you are asking about. The "no overnight parking" zone should extend from Lincoln to La Tijera. Let's not leave any potential problem spots. Would you like a formal letter from the BID?

Hi Don and Miki,

I wanted to get your feedback on whether the BID and businesses along Manchester b/w Sepulveda and Truxton would benefit from restrictive signage for overnight parking.

There have been some concerns related to public safety reportedly associated with late night loitering and other activity per vehicles parked overnight along the entire stretch of Manchester.

We are looking at whether extending the signs that went up along Manchester b/w Sepulveda and Emerson ("No Parking, 10pm to 6am, Nightly") for all vehicles the entire stretch going east.

Currently there are daytime restrictions on Manchester b/w Sepulveda and Truxton ("1 hr parking" till 6pm, and a bit of "no stopping 4pm to 6pm"). Would overnight restrictions be welcome here as well?

Neighbors have called for the restrictions for the entire stretch, just want to make sure the business community is on board, or whether we should forego the section b/w Sepulveda and Truxton for now.

Please let me know your thoughts.

Thank you!
